Error 1:

werkzeug.routing.BuildError: Could not build url for endpoint 'package.resource_views' with values ['id', 'resource_id']. Did you mean 'dataset_resource.views' instead?

To solve in file:

/home/elena/Desktop/local_ckan_1/src/ckanext-visualize/ckanext/visualize/templates/package/view_edit_base.html

Change line 9 from

{% link_for _('All views'), controller='package', action='resource_views', id=pkg.name, resource_id=res.id, class_='btn btn-default', icon='arrow-left' %}

to

{% link_for _('All views'), controller='dataset_resource', action='views', id=pkg.name, resource_id=res.id, class_='btn btn-default', icon='arrow-left' %}

Error 2:

werkzeug.routing.BuildError: Could not build url for endpoint 'package.resource_read' with values ['id', 'resource_id']. Did you mean 'dataset_resource.read' instead?

To solve in file:

/home/elena/Desktop/local_ckan_1/src/ckanext-visualize/ckanext/visualize/templates/package/view_edit_base.html

Change line 11 from

{% set url = h.url_for(controller='package', action='resource_read', id=pkg.name, resource_id=res.id) ~ '?view_id=' ~ resource_view.id %}

to

{% set url = h.url_for(controller='dataset_resource', action='read', id=pkg.name, resource_id=res.id) ~ '?view_id=' ~ resource_view.id %}
